

Journals

ASA Online Journals Online

Access is included with ASA Membership.

Journal of the American Statistical Association

JASA is the premier journal of statistical science. Articles focus on statistical applications, theory, and methods in economic, social, physical, engineering, and health sciences.

 [ASA Member Access](#)

The American Statistician

TAS contains timely articles organized into the following sections: Statistical Practice, General, Teacher's Corner, History Corner, Interdisciplinary, Statistical Computing and Graphics, Reviews of Books and Teaching Materials, and Letters to the Editor.

 [ASA Member Access](#)

Journal of Business & Economic Statistics

JBES contains applied statistical analyses of microeconomic, macroeconomic, forecasting, business, and finance-related topics. Articles include significant results, high-quality methodological content, excellent exposition, and a substantive empirical application.

 [ASA Member Access](#)

Journal of Computational and Graphical Statistics

A journal of the ASA, Institute of Mathematical Statistics, and the Interface Foundation, *JCGS* presents the very latest techniques for improving and extending the use of computational and graphical methods in statistics and data analysis.

 [ASA Member Access](#)

Journal of Agricultural, Biological, and Environmental Statistics

Sponsored by the ASA and International Biometric Society, *JABES* includes papers of immediate and practical value to applied researchers and statistical consultants in the agricultural, biological, and environmental sciences.

 [ASA Member Access](#)

Statistics in Biopharmaceutical Research

Papers in this journal discuss appropriate statistical methodology and information regarding the use of statistics in all phases of research, development, and practice in the pharmaceutical, biopharmaceutical, device, and diagnostics industries.

ASA Open-Access Journals

Access is open publicly.

Journal of Statistics Education

Available for free online, *JSE* disseminates knowledge for the improvement of statistics education at all levels, including elementary, secondary, post-secondary, post-graduate, continuing, and workplace education.

Statistics and Public Policy

Produced electronically, *SPP* contains papers that apply strong statistical methodology to problems in public policy and/or relevant political science.

Statistics Surveys

Sponsored by the ASA, Bernoulli Society, Institute of Mathematical Statistics, and Statistical Society of Canada, this journal focuses on survey articles in theoretical, computational, and applied statistics

ASA Co-Published Journals

Access requires an additional fee. Discounted subscription rates are available to ASA members.

Journal of Educational and Behavioral Statistics

Co-sponsored by the ASA and American Educational Research Association, *JEBS* includes papers that present new methods of analysis, critical reviews of current practice, tutorial presentations of less well-known methods, and novel applications of already-known methods.

Technometrics

A journal of the ASA and American Society for Quality, *Technometrics* contributes to the development and use of statistical methods in the physical, chemical, and engineering sciences, as well as information sciences and technology. ASA members can purchase online access for \$20 annually.

 [ASA Member Access](#)

Journal of Quantitative Analysis in Sports

JQAS contains timely, high-quality, peer-reviewed research on the quantitative aspects of professional and amateur sports, including collegiate and Olympic competition.

SIAM/ASA Journal on Uncertainty Quantification

Published by the ASA and Society for Industrial and Applied Mathematics, this journal includes research articles presenting significant mathematical, statistical, algorithmic, and application advances in uncertainty quantification.

Journal of Survey Statistics and Methodology

Sponsored by the ASA and American Association for Public Opinion Research, this journal's objective is to include cutting-edge scholarly articles on statistical and methodological issues for sample surveys, censuses, administrative record systems, and other related data.

Statistical Analysis and Data Mining: The ASA Data Science Journal

This journal covers topics including problems involving massive and complex data sets, solutions using innovative data mining algorithms and/or novel statistical approaches, and the objective evaluation of analyses and solutions.

 [ASA Member Access](#)

Journal of Nonparametric Statistics

Theoretical and applied research using novel nonparametric methods in medicine, engineering, technology, science, and the humanities are covered in this journal.
